

# Household Hazardous Waste Collection

## Pilot Program

The Clark County Solid Waste District is planning a new pilot program for the collection of household hazardous wastes. Rather than a single, free collection event one time each year, we will be trying several smaller collections with a modest user fee. This pilot program is intended to control costs and, more importantly, make disposing of hazardous wastes more convenient for residents.

Due to limited capacity to handle very large volumes of waste, we will be limiting the number of residents we can serve at each date. **Please note: you must schedule an appointment to drop off your hazardous wastes.** We will schedule 10 residents per hour (9:00 a.m. – 10:00 a.m. time slot, 10 am-11am, and 11am-noon).

Open to Clark County residents only. No schools, no farms, no businesses.

- **Clark County Recycling Center  
1602 W. Main St., Springfield**

- **There will be a fee of \$1.00 per pound for all accepted hazardous wastes.** Cash only, please. We will accept:
